*Visual and Environmental Studies 122r. Different Light, Different Space: Studio Course
Catalog Number: 6915 Enrollment: Limited to 12.
Stephen Mueller
Half course (spring term). M., 1–4 and 6–9 pm in Carpenter Center, 3rd Floor Painting Studio C
Though the ethos of painting in the 21st century is one of “anything goes,” the fundamental tools of the craft remain constant. It is the intention of the class to expand the scope of possibilities of working with paint. Properties of good design will be discussed as well as encouraging and discouraging the qualities of paint (i.e. opacity, transparency, and surface qualities) in order to arrive at a technique appropriate for and related to meaning.
Note: In addition to all of the assignments, students will be expected to keep a sketch book journal of visual ideas, thoughts and observations.
Prerequisite: At least one VES studio half-course.
